Subject: RE: One more clarification on your application

Kevin, as with the past Cooperative Agreements, the Grants Office has asked this be broken out and up under "Other" as being the refreshments for Government to Government (G2G) and District Lodge meetings with the Tribal memberships. We estimated 1 meetings with the G2G and at least once per District Lodges (5). We estimated it as a total of 6 meetings at roughly \$100 per meeting.

Simplot's other expense of \$500 was based on 5 District Lodge meetings only. Do don't anticipate any G2G meetings.

Hope this helps. Let me know if you need any additional details. Also am requesting that until we get these resources set up that any and all schedules will be delayed. FMC Post Closure Plans are also going on and we are modifying another federal resources to cover some of these RCRA activities. We agreed with Carla to try to get these done by mid-May.

We would also encourage EPA to request FMC for all groundwater wells to file these with the Water Resource Department. All groundwater wells established on the reservation are coordinated with them. Simplot wells are off the Reservation so coordination is not required.

The month of April the Tribes are scheduled to be in Court so are availability is becoming limited.

Thanks

Kelly

Kelly,

What does the \$600 under other expenses cover? This seems to be the last holdup with grants.

Kevin
